

**SMH214 Headset**  
shown with  
TW401 Wireless Beltpack

**DMH224 Headset**  
shown with  
TW401 Wireless Beltpack

## Features

Product Code: 27-214

The SMH214 is a single muff, heavy duty closed-cup type with a moulded flexible boom arm housing an electret mic.

Very robust construction, terminated with Fischer 102 Series 7-pin plug with a microphone on/off toggle switch which is mounted on the outside of the earcup.

The SMH214 headset is dedicated for use with the TW401 beltpack in applications with moderate to high background noise, e.g. large venue with a P.A. system.

### SPECIFICATION:

Impedance: 35 ohms.  
Electret mic (2-10V DC).  
1.5m cable.  
Fischer 102 series plug.

## Features

Product Code: 27-224

The DMH224 is a dual muff, heavy duty closed-cup type with a moulded flexible boom arm housing an electret mic.

Very robust construction, terminated with Fischer 102 Series 7-pin plug with a microphone on/off toggle switch which is mounted on the outside of the earcup.

The DMH224 headset is dedicated for use with the TW401 beltpack in applications with moderate to high background noise, e.g. large venue with a P.A. system.

### SPECIFICATION:

Impedance: 2 x 35 ohms.  
Electret mic (2-10V DC).  
1.5m cable.  
Fischer 102 series plug.

TW401 Wireless Beltpack

## Features

Product Code: 27-406

The TW406 has a lightweight single earpiece with integrated flexible electret boom microphone dedicated for use with the TW401 wireless belt-pack.

Suitable in applications where a discreet headset is required, and ambient noise is low to moderate, for example in a small venue or studio.

The TW406 headset is terminated with a Fischer 102 Series 7-pin plug.

N.B. The TW406 is not suitable for use with wired Tecpro beltpacks

### SPECIFICATION:

Colour: Beige.

Impedance: 35 ohms - electret mic (2-10V DC).

Fischer 102 Series 7-pin plug

## Features

Product Code: 27-407

The TW407 is similar to the TW406, but has an in-line on/off switch fitted to the cable for applications where the user needs to have conversations locally without being heard by the wireless-connected users.

The TW407 headset is terminated with a Fischer 102 Series 7-pin plug.

N.B. The TW407 is not suitable for use with wired Tecpro beltpacks

### SPECIFICATION:

Colour: Beige.

Impedance: 35 ohms - electret mic (2-10V DC).

In-line on/off switch for mic.

Fischer 102 Series 7-pin plug.
